

# Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## School overview

| Detail                                                                                                          | Data                                                                       |

| <b>Total budget for this academic year</b>                                             | <b>£18,122</b>                                                                    |

# Part A: Pupil premium strategy plan

## Statement of intent

Background Evidence shows that children from disadvantaged backgrounds generally face extra challenges in reaching their potential at school and often do not perform as well as their peers. This is the case for some of our children who are deemed to be from disadvantaged backgrounds. However, with our small numbers; outcomes can be skewed by other factors.

### Aims

- Narrowing attainment gaps through quality first teaching;
- Narrowing the attainment gap by supplementing high quality teaching through targeted effective interventions (during the school day and after school tutoring);
- Enabling all children to have the same life chances and enrichment opportunities regardless of their background;
- Ensuring attendance is not a barrier to learning;
- Supporting families to engage in purposeful home learning.

### Key Principles

- Ensuring high quality first teaching by effective training and support for staff;
- Reducing adult:child ratios to enable all pupils to receive the support they require to master the basic skills in Maths and English and for pupils to receive higher levels of live feedback;
- Providing nurture and/or pastoral support to support children's emotional and mental well-being to enable them to learn effectively;
- Providing targeted interventions to address misconceptions; pre-teach or evidenced based programmes to support areas of weakness.
- Providing funding to support extra-curricular activities for disadvantaged families
- Whole school approach for consolidation and extension homework.
- We have scrutinised and utilised the Education Endowment Trusts Evidence based teaching and learning toolkit to identify the best interventions to suit the needs of our children.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge                                                                                                                                                                                                                                                                                     |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1                | Some of our disadvantaged pupils also have quite significant special educational needs (27%)                                                                                                                                                                                                            |
| 2                | Larger families with numerous siblings makes supporting home learning more difficult and also attending after school tutoring if not all on the same evening. 55% of the pupils are in families with 4+ children. Larger families have higher costs for pupils to engage in extracurricular activities. |
| 3                | Staff absence/cover has been challenging during pandemic meaning some interventions have not been able to happen.                                                                                                                                                                                       |
| 4                | Attendance has historical been an issue for some of our disadvantaged pupils.                                                                                                                                                                                                                           |
| 5                | Gaps are wider in Maths                                                                                                                                                                                                                                                                                 |

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome                                                                                                                                                                                                                                                                                                                                   | Success criteria                                                                                                                                                                                                                                            |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Narrowing attainment gaps through:<br>a) quality first teaching;<br>b) Supplementing high quality teaching through targeted effective interventions (during the school day and after school tutoring);<br>c) Reducing adult:child ratios to enable all pupils to receive the support they require to master the basic skills in Maths and English; | Pupils will achieve in line with their peers unless there are other significant extenuating circumstances such as SEND status.<br><br>Effective CPD means staff are knowledgeable and well equipped to fulfil their role to the very best of their ability. |
| Enabling all children to have the same life chances and enrichment opportunities regardless of their background by providing additional funding to support:<br><br><ul style="list-style-type: none"> <li>Extracurricular activities</li> <li>Musical tuition</li> </ul>                                                                           | The uptake of children accessing extracurricular opportunities and events is high (at least in line with their peers or higher).                                                                                                                            |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                       |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"> <li>• Wrap around care to encourage families back into work</li> <li>• Trips or visits support.</li> </ul>                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                       |
| Ensuring attendance is not a barrier to learning by quickly addressing non-attendance and working with the families to encourage good attendance.                                                                                                                                                                                                                                                                                                                                                                           | There will be no disadvantaged pupils with below 90% attendance (unless there is a genuine and verified reason that is unavoidable).                                  |
| <p>Supporting families to engage in purposeful home learning by:</p> <ul style="list-style-type: none"> <li>• Providing devices (where possible) for remote learning and homework.</li> <li>• Providing home learning text/work books that have a consistent approach and submission date to support larger families.</li> <li>• Providing in school catch up sessions for those not engaging in home learning.</li> <li>• Providing opportunity for 1:1 reading for disadvantaged pupils who are not regularly.</li> </ul> | <p>Engagement in remote learning is in-line with the school average or above.</p> <p>Engagement in homework/home-learning is in-line or above the school average.</p> |

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 918

| Activity                                | Evidence that supports this approach                                              | Challenge number(s) addressed |
|-----------------------------------------|-----------------------------------------------------------------------------------|-------------------------------|
| National College online training - £618 | Effective and continuous CPD to improve teacher performance.                      | 1+5                           |
| TVCLT networking and training sessions  | Working collaboratively to share good practice and peer support. EEF Toolkit +5   | 1+5                           |
| Maths CPD through Maths Hub             | Gaps in Maths are wider in our school and nationally. White paper- Rising Stars   | 5                             |
| Numicon Training £300                   | Hands on practical approaches support learning particularly for pupils with SEND. | 5                             |

### Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 4135.90

| Activity                                                                                                                                          | Evidence that supports this approach                                                                                                                                                                        | Challenge number(s) addressed |
|---------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|
| School led tutoring (5 hours per week from 1.11.21 until 8.4.21)<br><br><i>£3231.95 (this will be covered by the national tutoring programme)</i> | Education Endowment Foundation evidences based research on impact of interventions shows that small group tuition pupils on average improve by 4 months.<br><br>Extending time at school + 2 months impact. | 1,2,3,5                       |

**Total budgeted cost: £ 20,513 (overspend of £2391.50)**

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

The biggest impact that our pupil premium strategy had last year was in relation to engagement with home learning.

The investment in workbooks of £924.55 enabled all families including those with multiple siblings to engage in home learning during lockdown and then afterwards through homework. For the minority that did not complete the home learning this was addressed at school with teaching assistant support.

All disadvantaged pupils accessed in school or after school interventions to address misconceptions and plug gaps.

The attainment of our disadvantaged pupils is skewed as over 25% of the disadvantaged pupils in 2020-2021 had special educational needs. If their attainment outcomes are discounted, the % of disadvantaged pupils achieving the expected standard or above in Reading, Writing and Maths is in line or exceeds the school averages (above for writing and maths) showing that our disadvantaged pupils have attainment and progress achievements in line with their peers.

### Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*

| Programme            | Provider |
|----------------------|----------|
| CPG workbooks        |          |
| Numicon              |          |
| Numbots              |          |
| Timestable rockstars |          |
| Spelling shed        |          |
